

Technical Requirements

Handstands - 5'6" apparatus

Duration: 5:30-6:30 min

I require an open space that leaves me room to warm up. It is important that the performance area has a level floor. I need a minimum of 2 hours for warm up, and at least 15 minutes in the performance area prior to the performance to check lighting and sound. The music is available as a MP3 file. For the performance, I will need at least two people to set up the apparatus before hand. I will need a meeting with them for at least 10 minutes prior to the performance.

Inform me if any of the conditions
the situation, adaptations can

conflict with the requirements I have listed. Depending on
be made.
